25X1

1. The municipal office responsible for Sofzhilfond (Sofia fund) is constituted for collecting the rents from private citizens living in State-confiscated apartments and houses. The office also takes care of the maintenance of these buildings and draws the necessary money from the fund.
2. The organization is located at No. 17 Leghe Street in Sofia. In order to maintain the buildings, Sofzhilfond uses nine building firms located in various parts of the city, combined under the direction of another unit (dependent to the municipality) known as Sofstroil.
3. Expenditures for the general maintenance of buildings in which at least an apartment is left in the hands of the former owner are shared proportionally between the municipality and the former owner. Expenditures for the maintenance of houses and apartments formerly privately owned and now administered exclusively by the State are carried by Sofzhilfond.
4. Each municipality has a similar office to administer the fund and receives no interference from other units.
